# Dispute Resolution

department

m u n d a y s

**While we would all prefer to live and work in harmony, differences of opinion are a normal part of everyday life.**

The Dispute Resolution team at Munday's has the expertise to provide helpful, pro-active support to clients when they find themselves in a conflict. Our aim is to help solve problems rather than augment them.

Whether the dispute relates to a commercial or personal matter, the team's legal expertise is combined with a positive attitude to seek workable and practical solutions and limit the costs, stress and damage that disagreements can cause in both business and private life.

Managing a dispute needs expert skills. We offer experience in many areas including corporate and commercial, intellectual property and franchise disputes, all types of property matters, insolvency situations, professional negligence claims and inheritance and trust claims.

**In these areas and more, our aim is to achieve the best outcome for you or your business by the most commercial means.**

### **Find a solution; don't escalate the problem**

The partners specialising in dispute resolution have been trained in mediation skills and the philosophy of seeking alternative means to resolve disputes is encouraged throughout the department.

This means that legal knowledge is combined with negotiating techniques and skills which aim, where possible, to reduce the impact of any dispute on the client by bringing claims to a swift and practical conclusion.

At Mundays we understand that time lost in prolonged disputes can be money and energy wasted, so we aim to find acceptable and commercial solutions to all disputes.
